## CAIPIRINHA RECIPE

Toast the 2016 Summer Olympic Games with Brazil's national drink!

- 2 teaspoons sugar
- 2 small limes, quartered
- 2 ounces cachaça\*

Sprinkle sugar over the limes and muddle in a shaker until the sugar is dissolved. Pour an old-fashioned

glassful of cracked ice into the shaker, add the cachaça and shake. Pour into the old-fashioned glass.

### Variations:

Caipirissima: Use rum in place of the cachaça.

Caipirosca: Use vodka in place of the cachaça.

\*Cachaça (pronounced kah-SHAH-sah) is Brazil's national spirit. This rich, rum-styled distilled liquor is derived from the sugarcane plant. We recommend Cachaça 51. L, \$21.99
